

I Have Questions: Caring for Creation

In this season's stand-alone talk, we're excited to bring you a new question we've never tackled before: Why do people care about creation? Specifically, we're talking about caring for the planet, the environment, and what it looks like to see creation through the lens of our faith. This is important because our high schoolers care about it. We want teenagers to understand the world around them reveals a Creator they cannot see. In other words, creation points to a Creator.

MEMORY VERSE

"The earth is the Lord's, and everything in it. The world and all its people belong to him. For he laid the earth's foundation on the seas and built it on the ocean depths."

Psalm 24:1-2, NLT

Week One

Genesis 2:15, Psalm 19:1-4

It's important to take care of what God has entrusted to us.

High School

ENGAGE IN EVERYDAY MOMENTS TOGETHER

Morning Time

As your high schooler starts their day, say something like this: “I’m always so impressed by how you . . .”

Their Time

When your teen wants to talk, be open to whatever method they choose—whether it’s text, late night chats, or conversations while you’re on the go.

Meal Time

At a meal this week, ask your teen: “What is one thing we can do as a family to care for creation?”

Bed Time

Pray for you and your teen to be good caretakers of all that God has entrusted to you—whether it’s little or a lot.
